

# SwiftCore<sup>TM</sup>

## Automatic Biopsy Device

### Key Features:

- **Ergonomically Designed Needle Handle:**

Designed to fit comfortably in the hand, the handle provides a secure grip and allows smooth, controlled puncture with minimal effort.

- **Integrated Safety Release Mechanism:**

A built-in safety release helps prevent accidental activation, supporting safer handling and operation.

- **Dual Trigger Options:**

Equipped with both rear and side firing triggers, the device adapts easily to different anatomical sites and procedural techniques.

- **Powerful and Reliable Firing Performance:**

Provides strong firing force with a throw depth of 22 mm and an 18 mm specimen notch, enabling consistent and effective tissue sampling.

| Sr. No. | Diameter | Length | Ref No. |
|---------|----------|--------|---------|
| 1       | 14 G ■   | 10 CM  | SWC1410 |
|         |          | 16 CM  | SWC1416 |
|         |          | 20 CM  | SWC1420 |
| 2       | 16 G □   | 10 CM  | SWC1610 |
|         |          | 16 CM  | SWC1616 |
|         |          | 20 CM  | SWC1620 |
| 3       | 18 G ■   | 10 CM  | SWC1810 |
|         |          | 16 CM  | SWC1816 |
|         |          | 20 CM  | SWC1820 |
|         |          | 25 CM  | SWC1825 |
